

BOSTONGENE

PROFILE

In the heart of our story lies a dedication to patients, caregivers, and healthcare providers.

ABOUT

BostonGene Corporation is pioneering the use of biomedical software for advanced patient analysis and personalized therapy decision-making in the fight against cancer.

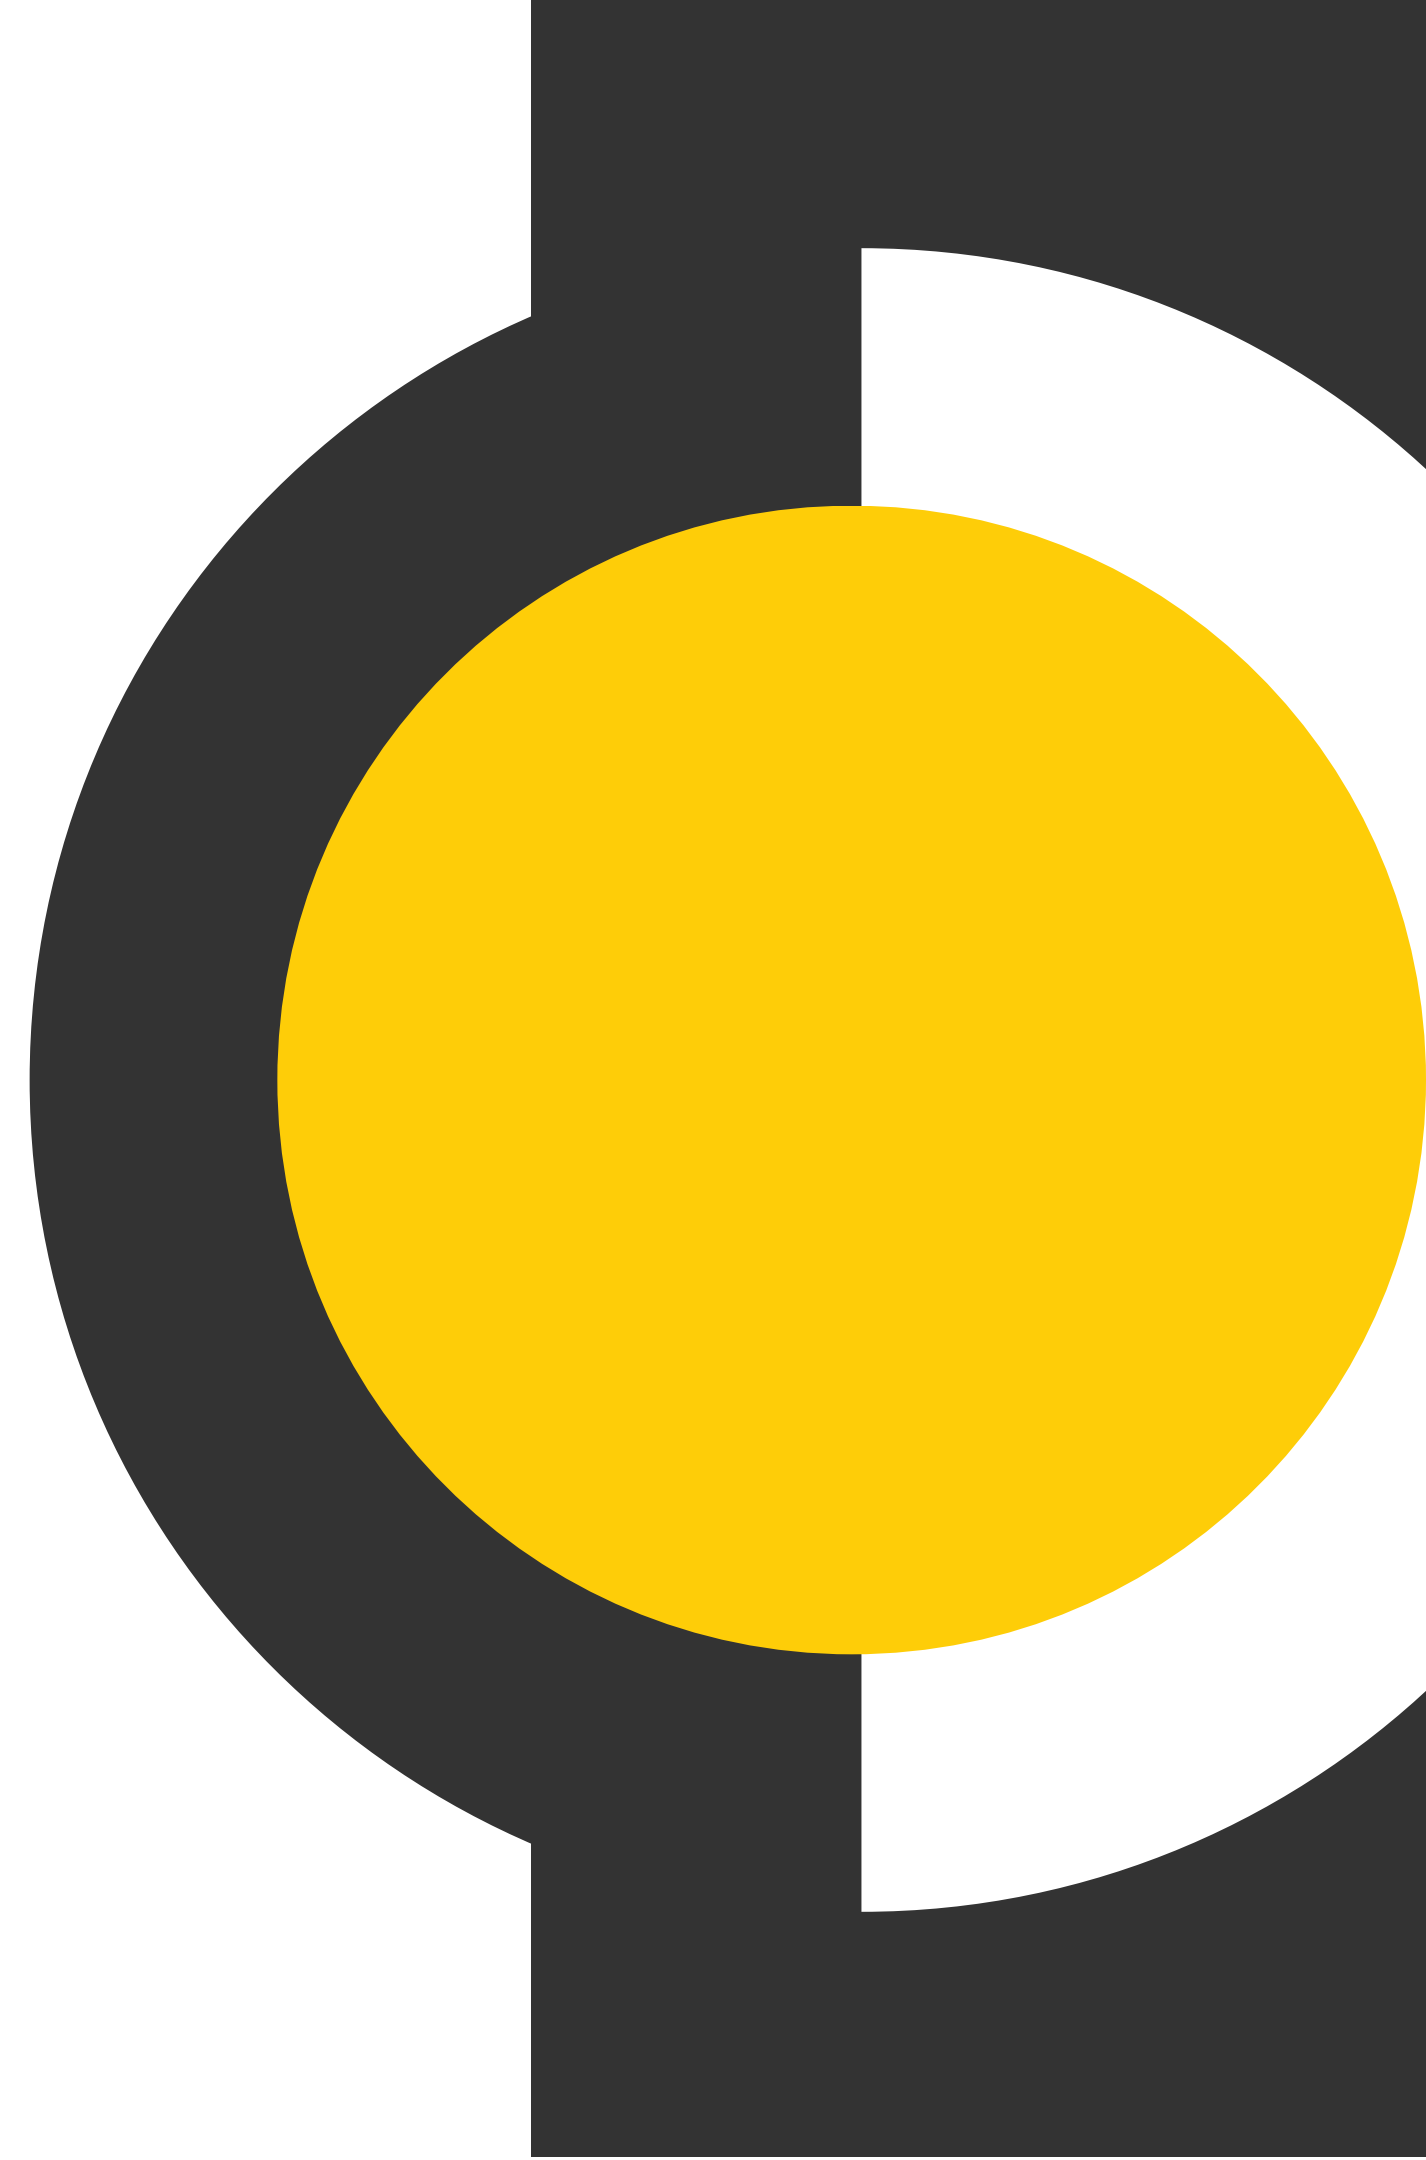

Our unique solution continuously aggregates the latest cancer research and clinical information from around the world. The unique solution performs sophisticated analytics to aid clinicians in their evaluation of viable treatment options for each patient's individual genetics, tumor and tumor microenvironment, clinical characteristics, and disease profile.

BostonGene offers a comprehensive portfolio of advanced diagnostic tools and technologies to support clinical decision-making, facilitate drug development, and improve patient outcomes.

VISION MISSION

BostonGene's mission is to power healthcare's transition to personalized medicine using our AI-based molecular and immune profiling to improve the standard of care, accelerate research, and reduce the overall cost of cancer care.

BostonGene's tests reveal key drivers of each tumor, including immune microenvironment properties, actionable mutations, biomarkers of response to diverse therapies, and recommended therapies.

SERVICES/ PRODUCTS

01

Laboratory

BostonGene's state-of-the-art molecular testing laboratory performs next-generation sequencing technologies.

02

Bioinformatics

The BostonGene platform integrates data obtained by genomics, transcriptomics, and microenvironment analysis.

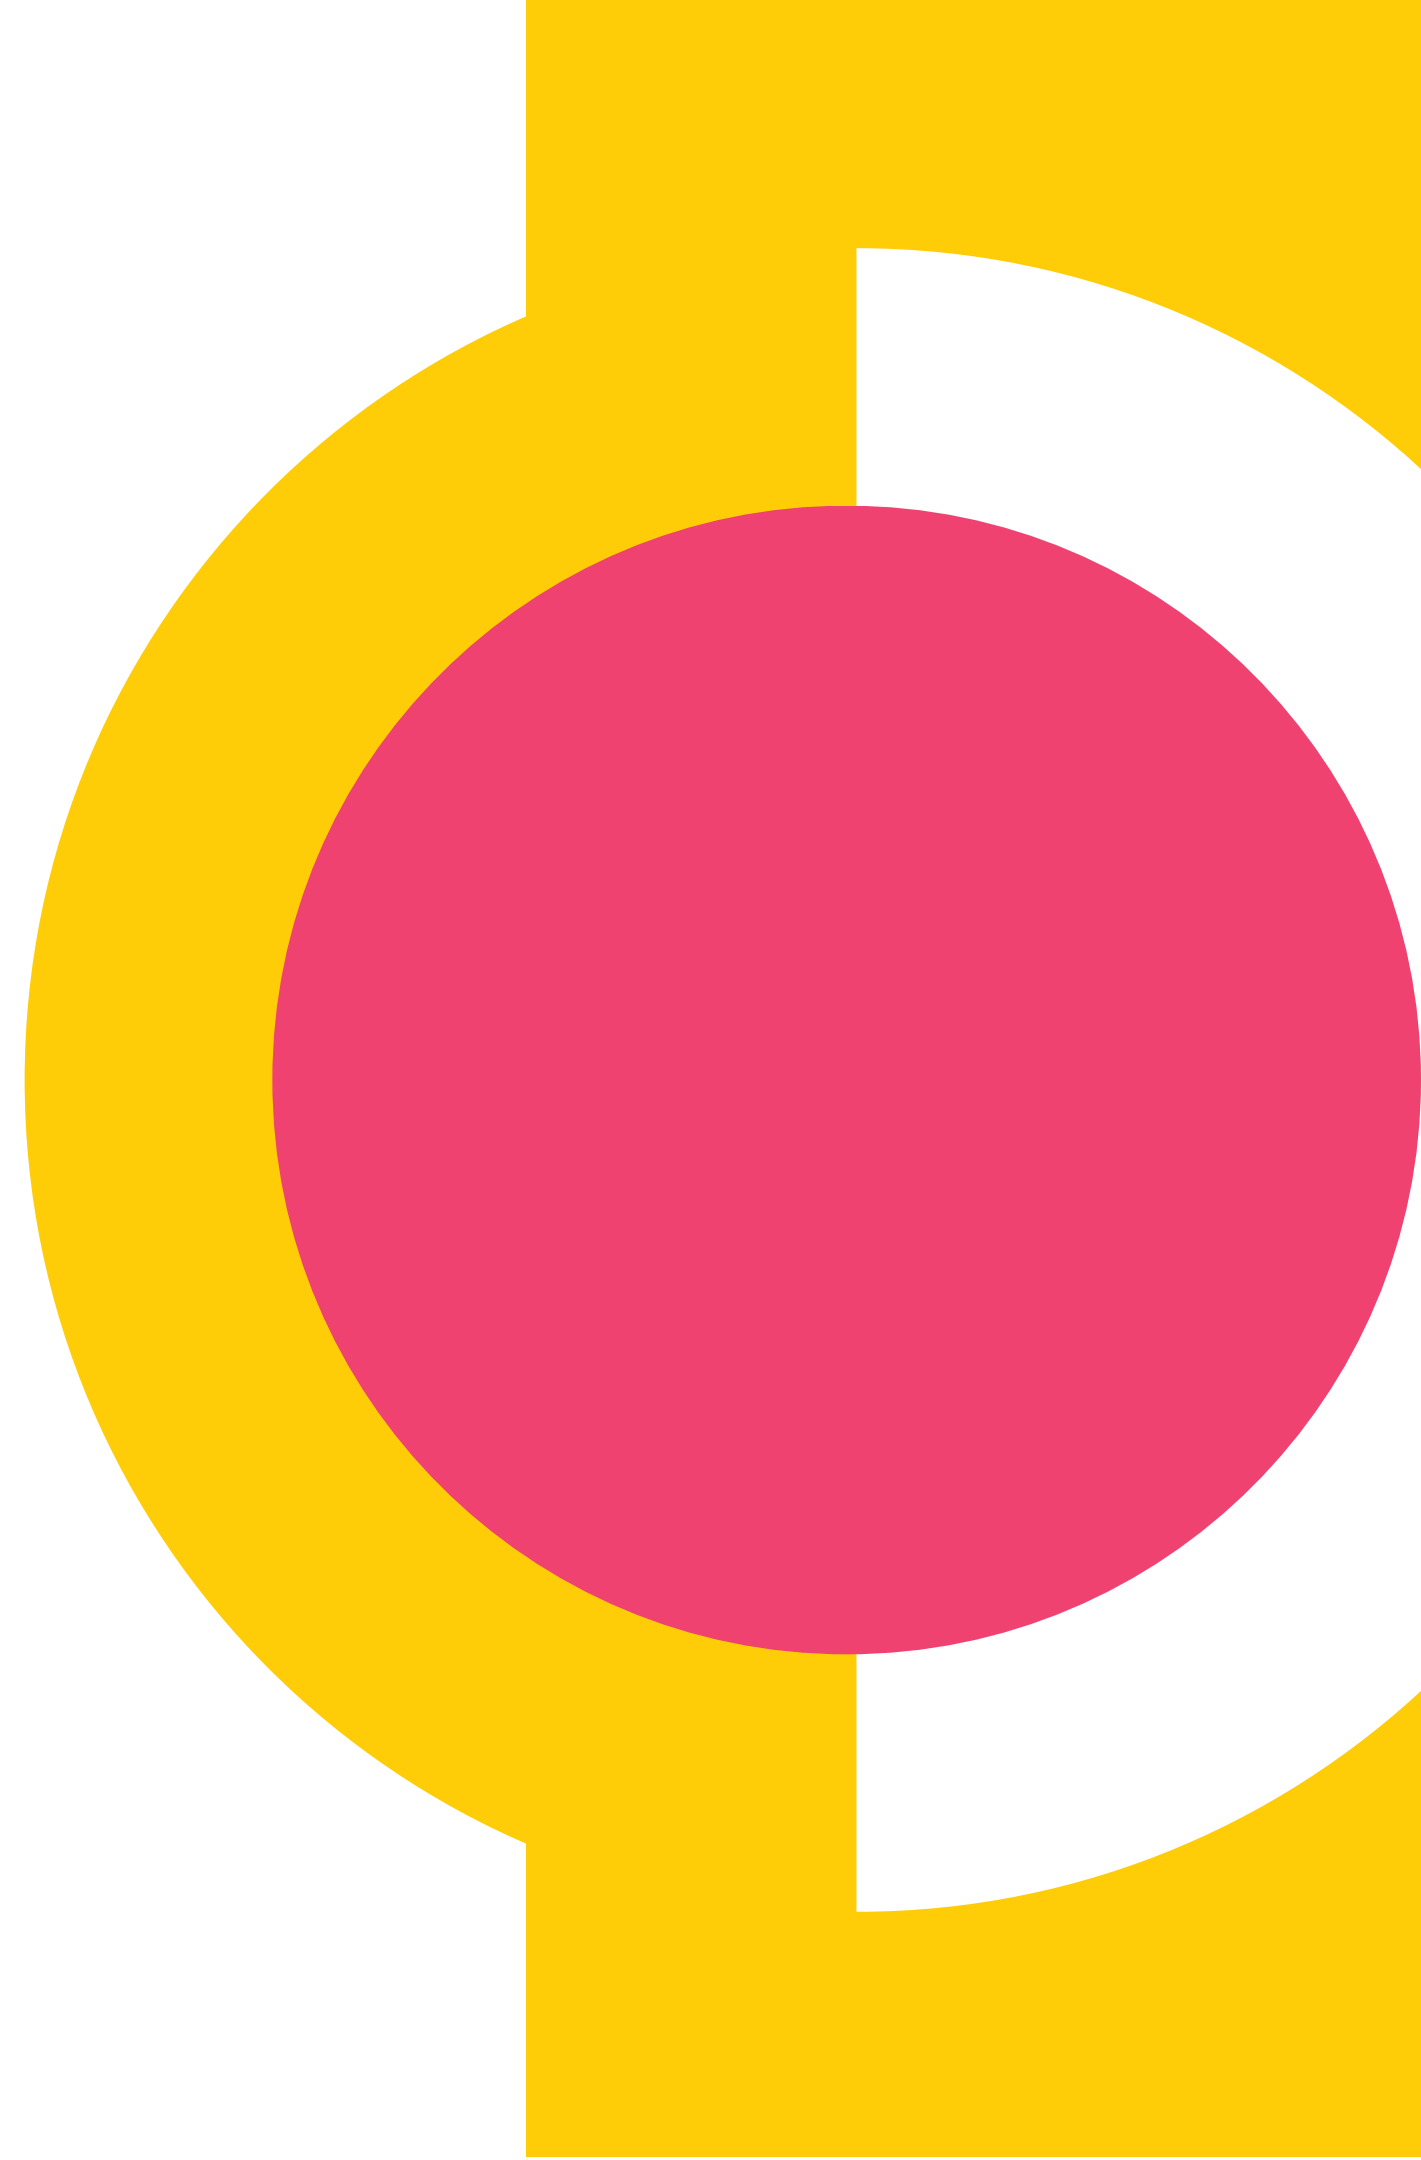

03

Analytics

BostonGene personalizes AI for medical experts to create a vast and continually updated database of biomarkers, therapies, clinical trials, and therapeutic guidelines.

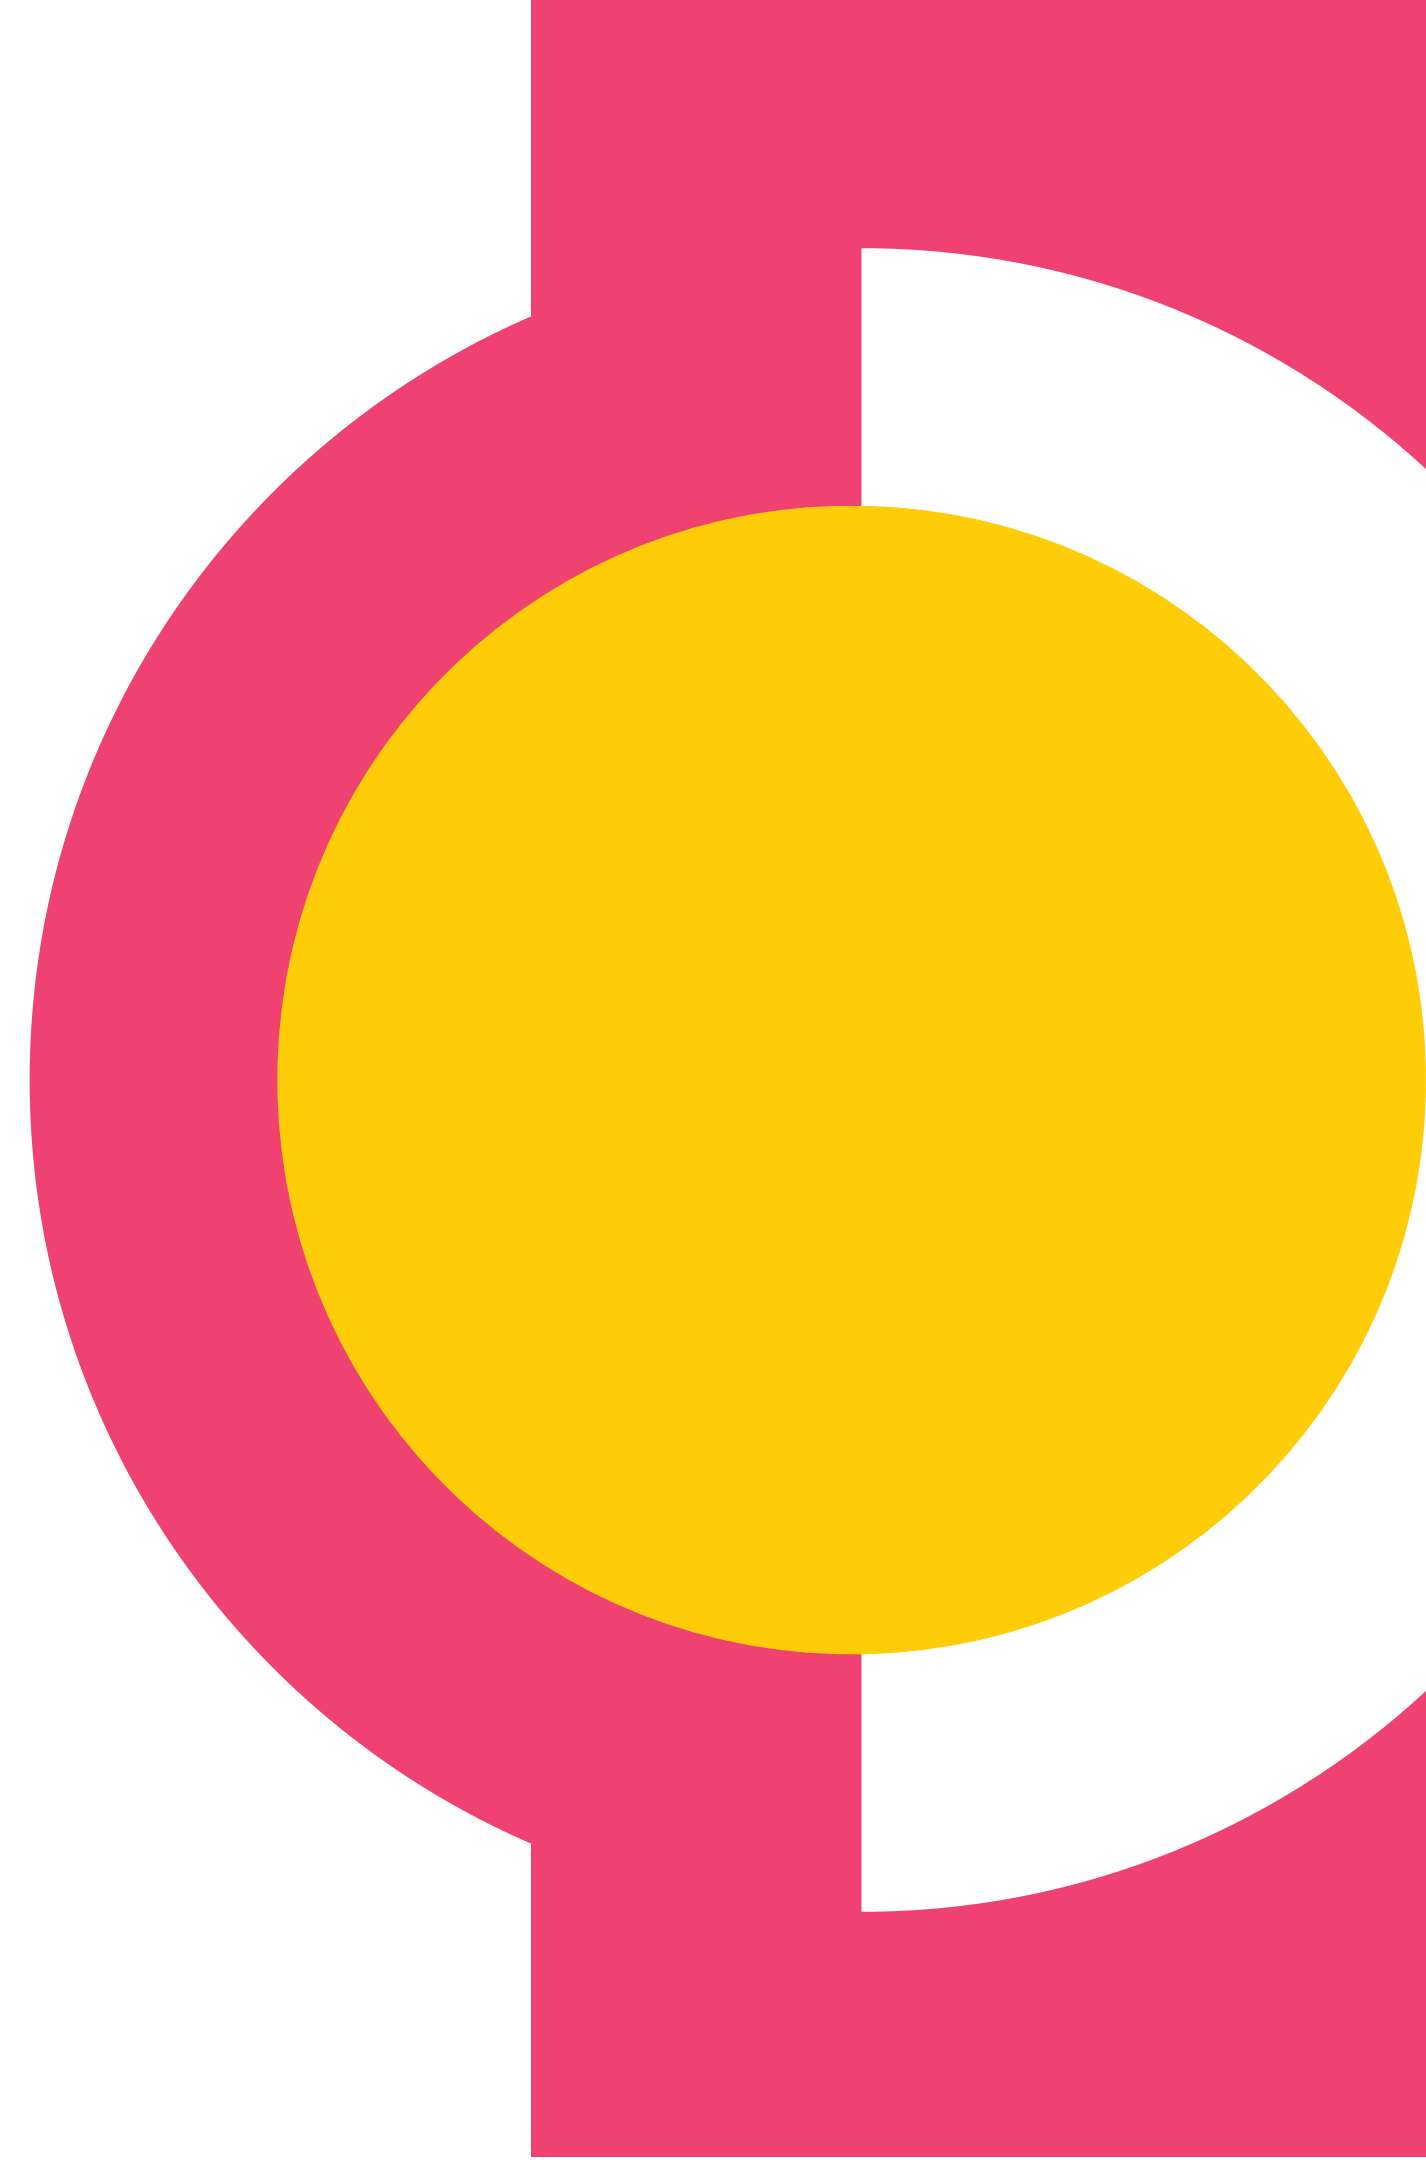

THE TEAM

The Armenian team comprises \approx 450 employees.

BENEFITS

- Relocation for candidates (and their immediate family members) to Armenia
- Full documentation and bureaucracy support on-site (bank accounts, residence permit, etc.)
- Full-time position, permanent contract, flexible working hours
- On-site lunches in the office in the center of Yerevan
- Competitive salary and medical insurance (with special plans for family members)
- Corporate plans for English language lessons and gym.
